Anthony Seibert, PhD
President
American Association of Physicists in Medicine
One Physics Ellipse
College Park, MD 20740-3846

Dear Dr. Seibert:

On behalf of the American College of Radiation Oncology (ACRO) and its members, I am pleased to assure you of ACRO's support for medical physics licensure in the United States.

We believe that this move for state licensure of medical physicists will enhance the quality of patient care in radiation oncology practice.

If we can be of assistance to the American Association of Physicists in Medicine in this effort, please let me know

Sincerely,

J. Michael Kerley, MD, FACRO
President
