

Based upon the needs and request of the student members of the AAPM The Education and Training of Medical Physicists Committee with the approval of the Board of Directors of the AAPM has arranged for a students forum at the AAPM annual meeting in San Diego. The gathering is limited to student members. The primary topics of discussion are: student needs and concerns, development of student data base and a mechanism for continued interaction between students. Other topics may be added. The discussion group will meet in a casual open forum.
