

There will be a student meeting and socialization time during the 2004 AAPM Annual Meeting in Pittsburgh from 9:30 to 11:00 AM on Sunday, July 25th, in the Grand Ballroom A of the David L. Lawrence convention center. A continental breakfast will be provided. We will update students on the developments made in the last year, and Dr. Kenneth Hogstrom will give a brief talk on tips for the successful launching of a career in medical physics. We will decide on a time and place for a student social on Sunday night. Email Stephen Kry at [sfkry@mdanderson.org](mailto:sfkry@mdanderson.org) with any questions or comments. We look forward to seeing you there!
