

AAPM SUBMITS SECOND COMMENT LETTER TO CMS ON RADIATION ONCOLOGY MODEL PROPOSED RULE

The AAPM recently submitted two comment letters to CMS regarding the Radiation Oncology (RO) Model proposed rule. The first comment letter was submitted on August 16th and emphasized concerns regarding the impact of the proposed RO Model on quality and safety in radiation oncology. The second

letter submitted on September 16th addresses concerns and recommendations related to the design and implementation of the RO Model. Both comment letters are available at: https://www.aapm.org/government_affairs/CMS/2020HealthPolicyUpdate.asp
